Station Madras, *Dated the* 8th July 1940.

From (Name) Lieut. Col. C.M. Ganapathy, M.C., I.M.S.,

(Designation) Director of Public Health, Madras.

To The Secretary to the Government of Madras,

Education & Public Health Department.

Sir,

In returning herewith the enclosures to Government Memorandum No.23021-1 E.1 P.H. dated 8.6.40, I have the honour to recommend the employment of 3 coolies for anti-mosquito work in Hospet Municipality. But I would like, to impress on the Council that the use of Pyrocide 20 larvicide being the cheapest should be adopted in the campaign. In the matter of cost of material, it costs one-third of Malariol and in the matter of labour necessary for its use it requires only one-third of that in the case of Malariol. As a larvicide, Pyrocide 20 is efficient. Therefore to adopt a cheap scheme, Pyrocide 20 may be used.

Moreover,

2/5

Moreover, I understand that the Company stock of Malariol has been requisitioned for war purposes and therefore no stock may be available for civil use.

I have the honour to be,

Sir,

Your most obedient servant,

Lieut.Col.,I.M.S.,
Director of Public Health, Madras.
